

EIT Jumpstarter 2022: Frequently asked questions

Q: Who can apply to the program?

A: EIT Jumpstarter is suitable for individuals with an innovative business idea in the healthcare, agri-food, raw materials, energy, urban mobility, or manufacturing or Bauhaus thematic field who want to gain a practical insight into what it means to run a business and establish a start-up.

Q: Can I apply if I'm alone in my team?

A: Yes.

Q: Can I register more than one team member in the application form?

A: As the program can financially support two members/team, the registration of team members is limited to 2 per team. However, the application form includes questions about the entire team and their profiles and skills to present the other members in your answers.

Q: Do I need to possess a patent/MVP/established company?

A: EIT Jumpstarter is ideal for innovators with great business ideas. Therefore, you need nothing more than an innovative idea in one of the thematic fields. Already established companies are not eligible to participate in this program.

Q: How mature should my business idea be?

A: EIT Jumpstarter is looking for talented individuals or teams with innovative business ideas and would like to learn essential entrepreneurial skills to start their start-ups shortly.

Q: From which countries can I apply?

A: EIT Jumpstarter mainly targets East, Central and South Europe; the detailed list of countries can be found in the Terms and Conditions document. The document should be accepted during the registration process.

Q: What is the amount of prizes?

A: Prizes in each thematic field at the EIT Jumpstarter Grand Final are: 1st: 10,000€, 2nd: 7,000€, 3rd: 5,000€

Q: When do teams should incorporate their start-ups?

A: Finalists in the following thematic fields: healthcare, food, energy, urban mobility, manufacturing need to register their startup company and provide KICs with a registration proof or equivalent document to be eligible for monetary prizes at the Grand Final by 31st December 2022.
