

Digital Teaching Competences Workshop

Public Call

EIT RawMaterials Regional Center Kosice launches a public call for a **grant funding to participate in the Digital Teaching Competences Workshop** to be held in September 2022 in Ljubljana, Slovenia. It is intended for teachers and selected candidates will receive **funding to cover the expenses associated with participation** in this workshop, in the form of lump-sum. ~~The call closes on 31 July 2022 23:59 CET.~~

UPDATE: The deadline is extended until 15 August 2022 17:00 CET.

When and where?

The workshop will take place in **Ljubljana, Slovenia from 27^h to 28^h of September, 2022.**

Who can apply?

Any **university teacher/ lecturer** coming from an eligible country who likes to take teaching to the next level using digital technologies and skills and wants to improve their competencies in this area.

An eligible candidate is:

- a university teacher/ lecturer who is **active in teaching** students I. or II. Degree
- the workshop is eligible **only for participants from RIS countries covering the EIT RM RCK: Slovakia, Czech Republic, Hungary, Romania, Ukraine**

Limitations:

- Only **5 teachers/ lecturers** who best meets the criteria will receive a grant support
- **English language** proficiency is a compulsory condition (for a successful following of the course, as all course activities will be done in English)

How to apply?

1. If you are interested in being awarded a **grant**, you must declare your interest together with the **attached professional CV** at: hubkosice@eitrawmaterials.eu
2. **After completing the first step**, applicants must complete the registration form at <https://www.eitrawmaterials-rcadria.eu/events/digital-teaching-competencies-workshop> **no later than 15th of August**, when the call is closing.

Funding support

Five selected teachers will receive a **grant of 800 eur** to cover travel and subsistence expenses, accommodation and other related expenses.

Funding will be provided in the form of lump sum on the basis of a grant agreement. It will not be necessary to provide supporting documentation, but **physical participation in the course is a necessary condition**.

What does the selection process include?

The applications will be assessed by the qualifying committee at the Technical University of Kosice based on:

- *Relevant teaching activity*
- *Eligibility assessment*
- *Available capacity*
- *Availability to travel*
- *Level of English language proficiency*

We reserve the right to change or cancel this call if necessary. More details and related questions via e-mail: hubkosice@eitrawmaterials.eu
